

Vivicia Cathryn Freemantle

BSc Information Technology Student

EDUCATION

North-West University, Potchefstroom (2024 - Present)

Bachelor of Science(BSc), Information Technology - Third-year student

- Currently completing my third and final year.
- Golden Key International Honour Society Member (Top 15% academic achievers)
- Completed 328/392 credits toward my degree.

First-Year Modules (2024)

- **Completed courses:**
 - Academic Literacy Development – 72%
 - Financial Accountancy (Special) – 80%
 - Financial Accounting (Special) – 81%
 - Introduction to Business Management – 78%
 - Introductory Algebra and Calculus I – 65%
 - Introduction to Computing and Programming – 82%
 - Structured Programming – 68%
 - User Interface Programming I – 86%
 - Descriptive Statistics – 91%
 - Intro Stat Inference I – 84%

Second-Year Modules (2025)

- **Completed courses:**
 - Object Orientated Programming – 83%
 - Apps And Advanced User Interface Programming – 96%
 - System Analysis And Design I – 78%
 - Communication Skills – 82%
 - Information Security – 79%
 - Understanding The Natural and Technological World – 79%
 - Problem Solving For Managers – 87%
 - Data Structures And Algorithms – 75%
 - Data Analytics II – 80%
 - System Analysis And Design II – 75%
 - Discrete Mathematics – 80%
 - Understanding The Natural World (Science, Technology and Society) – 87%

Third-Year Modules (In Progress)

- **In-progress modules:**
 - Databases – 69%
 - Decision Support Systems I – 82%
 - Artificial intelligence – 60%
 - Computer Networks – 68%
 - Advanced Databases
 - Decision Support Systems II
 - IT Developments
 - Operating Systems

Leeuwenhof Akademie, Bedfordview (Graduated 2023)

National Senior Certificate (IEB)/Grade 12

- Afrikaans Home Language – 80%
- English First Additional Language – 83%
- Life Orientation – 81%
- Mathematics – 72%
- Computer Application Technology – 89%
- Life Sciences – 77%
- Physical Sciences – 69%

Profile

Third-year BSc Information Technology student at North-West University, Potchefstroom, completing the final year of studies with strong academic performance (Golden Key International Honour Society, Top 15%).

Dedicated to continuous learning and personal growth, with a proven ability to adapt, collaborate, and contribute effectively in team environments.

Experienced in customer service and multimedia support, with foundational computer skills from high school CAT and expanded expertise through university coursework in programming, data analytics, databases, and information security. Proactive and dependable, motivated to apply technical knowledge and interpersonal strengths to deliver value in professional IT roles.

CERTIFICATIONS & ONLINE LEARNING

- **Creative Online School (Udemy), 2022**
Certificate in Practical Web Development – 2022
- **MathWorks | Training Services, 2024**
Certificate in MATLAB Onramp
- **Try Hack Me (Udemy), 2025**
Certificate in Pre Security Learning Path – 2025
- **Huawei ICT Academy, 2026**
Certificate in Overview of AI
- **365 Careers (Udemy), In progress, 2026**
The Data Science Course: Complete Data Science Bootcamp 2026

PROJECTS

Project repositories and demonstrations available on GitHub and Portfolio Website.

Burns Beach Physio Management System (2025)

Visual Studio | ASP.NET Web Forms | C# | SQL Server

- Developed a physiotherapy practice management system with separate administrator and client portals.
- Implemented secure login, appointment booking, appointment management, and password reset functionality.
- Created features for client registration, profile management, appointment scheduling/cancellation, and invoice generation.
- Integrated a SQL Server database to manage client records and appointment information.

NWU Second-Hand Book Exchange System (2025)

C# | Visual Studio | MySQL

- Designed and developed a database-driven book exchange system to manage book donations and distributions across university campuses.
- Developed administrator, donor, and applicant interfaces with authentication, registration, profile management, and password reset functionality.
- Created relational database structures, SQL queries, reports, and search features to manage books, users, donations, and requests.
- Implemented reporting tools to monitor books donated and issued over specified time periods.

NexCare Healthcare Database System (2026)

Oracle SQL | Database Design | Data Modelling

- Designed and implemented a healthcare database system to manage patients, staff, appointments, consultations, prescriptions, inventory, billing, and payments.
- Developed a relational database model and applied normalization principles to ensure data integrity and efficient data storage.
- Created tables, relationships, constraints, sequences, indexes, triggers, and views to support business requirements and database functionality.
- Developed SQL queries and reports for data retrieval, analysis, inventory monitoring, patient management, and financial reporting.
- Collaborated within a team to design and document the physical database structure and business rules for a healthcare environment.

Personal Portfolio Website (2026)

HTML | CSS | JavaScript | GitHub Pages

- Designed and developed a personal portfolio website to showcase my education, skills, certifications, projects, and professional experience.
- Built using HTML, CSS, and JavaScript and hosted on GitHub Pages.
- Implemented responsive design principles to ensure compatibility across desktop, tablet, and mobile devices.
- Integrated GitHub and LinkedIn links to enhance professional networking and showcase technical projects.

WORK EXPERIENCE

Worked in the School's tuck shop as a cashier (2022, 2023)

- Handled daily cash transactions with accuracy and accountability
- Provided friendly customer service to students and staff, improving efficiency during peak hours.
- Developed time management and multitasking skills in a fast-paced environment.

Casual Worker at The Local Choice Pharmacy (May 2025 – Current)

- **Customer Service**
 - Operate the till, processing cash and card transactions with accuracy.
 - Answer incoming calls, assisting customers with inquiries and directing them appropriately.
 - Welcome customers at the door, guiding them to the correct medication aisles and providing product support.
 - Assist with "Fun Days" by setting up displays, coordinating activities, and engaging with customers to create a positive experience.
- **Operational Support**
 - Help replenish shelves and organize stock to maintain a well-structured pharmacy environment.
 - Provided assistance with stock take during inventory checks.
 - Process deliveries by recording Cash on Delivery (COD) transactions and reconciling receipts upon return.
- **Team Collaboration & Flexibility**
 - Float between cashier, stock, customer service, and delivery support roles depending on business needs.
 - Contribute to a collaborative team environment, demonstrating adaptability and reliability in multiple responsibilities.

Multimedia Assistant – Church Services (January 2026 – Current)

- Operate ProPresenter software to manage live presentations, lyrics, and media during live services.
- Set up multimedia equipment before services to ensure smooth operation.
- Provide technical support to the worship team by preparing visuals and coordinating service flow.

COMPUTER SKILLS

- **Programming Languages**
 - C#
 - Java
 - Python
 - C++
 - SQL
- **Web Development**
 - HTML
 - CSS
 - JavaScript
 - ASP.NET Web Forms
- **Database Technologies**
 - SQL Server
 - MySQL
 - Oracle SQL
 - Database Design & Modelling
 - Database Normalization
 - Query Development
 - Relational Database Management
- **Development Tools**
 - Visual Studio
 - GitHub
 - Microsoft Office
 - ProPresenter
- **Office & Productivity Tools**
 - Microsoft Word
 - Microsoft Excel
 - Microsoft PowerPoint
 - Microsoft Access
- **Data & Analytics**
 - Statistics and Data Analysis
 - Data Analytics
 - Database Management
 - Decision Support Systems
- **Technical & IT Skills**
 - Information Security principles
 - System Analysis & Design
 - User Interface Development
 - Technical Documentation

KEY SKILLS AND CHARACTERISTICS

- **Personal Qualities**
 - Hardworking and dedicated, consistently putting in effort to achieve goals.
 - Trustworthy and dependable, with a strong sense of responsibility.
 - Ambitious and motivated to continuously learn and grow.
- **Workplace Skills**
 - Strong attention to detail, ensuring accuracy in tasks and customer service.
 - Quick learner, adaptable to new environments and responsibilities.
 - Effective team player who collaborates well and respects authority.
- **Customer Service & Interpersonal Skills**
 - Skilled in assisting customers with inquiries and providing clear guidance.
 - Friendly and approachable, creating positive experiences for clients and colleagues.
 - Able to multitask and remain professional in busy or high-pressure settings.
